

OmniLink® TM-H6000VI

Multifunction POS Printer
with Check Processing

**Multifunction hybrid POS
receipt printer with check
processing.**

Fastest multifunction hybrid printer in the industry¹ — up to 500 mm/sec² for faster transaction times

Accurate check processing — robust slip and endorsement printing; MICR accuracy of 99.9 percent

Engineered for reliability — long-life printhead and auto cutter³; easy-to-clean, water-resistant enclosure; backed by 2-year limited warranty

Advanced paper-saving functions — help reduce costs with up to 49 percent reduction in paper usage⁴

Real-time remote monitoring⁵ and management — get remote access to the printer's status, maintenance counters, part life expectancy and settings

Multiplatform support — compatible with traditional POS terminals and mobile devices

Online ordering capability — Server Direct Print function allows the printer to retrieve orders from a Web server and print a receipt without requiring integration with POS software

Flexible setup and configuration — Epson TM Utility app⁶ streamlines the setup process; additional memory enables multilingual support on each printer

POS peripheral support — supports POS peripherals such as payment terminals and customer displays
